

REAL INGREDIENTS ♥ REAL FOOD ♥ REAL LOVE

FROM OUR PLATES TO THE PLATE OF OUR DOGS

Cooka's cookies are made with our own paws in a real bakery. Every day we roll, we knead and we cut our treats with traditional cookie cutters. Once ready to package we always taste our latest batch to make sure they are as yummy as we promise.

In our kitchen you won't find any fillers, artificial preservatives, taste or smell enhancers, colourings, GMOs or questionable by-products!

What you see on the label is what you get.

We only use high quality 'people' ingredients. We strive to work with honest and caring farmers and meat merchants from surrounding villages, making sure to source just the finest produce. Our meat is always prime cut, human-grade and fully traceable.

Our vegetables are farm fresh and our cheese comes from the Azores islands, where cows graze freely in the unspoiled green hills. We add heaps of super-seeds, those tiny nutritional powerhouses and nourishing herbs for restoring vibrant health.

WELCOME TO COOKA'S WORLD

Love comes in many ways for our furry families. Tummy rubs, long walks in the park, plenty of snuggles on the sofa, a play of fetch on the beach... But the one most important way to say "I love you too" is by the quality of food we are giving to our pets.

OUR PROMISE IS SIMPLE:

Only if it is good enough for us, it is good enough for our furry ones.

With love,
